

We, at Zuari Agro Chemicals Limited engaged in manufacture of Fertilizers affirm to our employees, customers, community and other stakeholders, our commitment to continually improve and reach excellence in Environment, Occupational Health, Safety, Security & Product Quality while conducting our business operations.

In order to fulfill our commitment we shall continually make efforts to:-

- ✦ Comply with all applicable legal and other requirements in Environment, Occupational Health & Safety.
- ✦ Demonstrate leadership and management's commitment with regard to Environment, Occupational Health & Safety in business operation so as to minimize risks to our personnel, business associates and community by preventing pollution, injury, ill health & strive for continual improvement in EHS management and performance
- ✦ Improve periodically the established Objectives & Targets for Environment, Occupational Health & Safety in line with the best practices.
- ✦ Subscribe to effective EHS management system and carry out periodical internal and external audit.
- ✦ Enhance our EHS awareness among employees, business associates and community through effective communication, training & re-training.
- ✦ Conserve natural resources in particular fossil fuel, water and use optimally other utilities and raw materials.
- ✦ Establish adequate procedure & control to ensure that Environment, Occupational Health & Safety is not jeopardized at any time in any form.
- ✦ Ensure adequate financial and human resources for championing the EHS performance so as to increase shareholders value.
- ✦ Implement & follow all twelve SHE principles of IFA.
- ✦ To continually improve communication with the stake holders & improve product stewardship.
