

RBI raises interest rate by 0.25% on inflationary concerns

PTI

MUMBAI

The Reserve Bank for the second time in two months today raised its benchmark interest rate by 25 basis points on inflationary concerns, a move that will make home, auto and other loans expensive.

With five of its members voting for the increase, the 6-member Monetary Policy Committee (MPC) headed by RBI Governor Urjit Patel, increased repo rate, at which it lends to other banks, to 6.5 per cent but kept its policy stance as "neutral".

The reverse repo rate, at which it borrows from banks, was also raised by similar proportion to 6.25 per cent. The marginal standing facility (MSF) rate and the Bank Rate were also raised to 6.75 per cent.

Following the rate hike, the BSE index Sensex slipped from record high to ends 84.96 points lower at 37,521.62.

Anticipating firming of interest rate, country's largest lender SBI has raised fixed deposit rate by up to 0.1 per cent. Other banks are also likely to firm up lending rates making loans costlier for borrowers. RBI had last raised the repo rate on June 6 by 0.25 per cent to 6.25 per cent. That increase was the first since January 28, 2014 when rates were hiked by a similar proportion to 8 per cent.

codenamed U321 to be called Marazzo

MUMBAI: Mahindra & Mahindra Ltd (M&M), a part of the US \$20.7 billion Mahindra Group, named its eagerly awaited global model, codenamed U321, as Marazzo. Derived from Basque, a sub-language of Spanish, the word 'Marazzo' means shark and is

serts which resemble shark-like teeth and adds to the vehicle's aggressive stance. The design cues further flow into the tail lamps that are inspired by the tail of a shark. Marazzo is a globally developed product, engineered through a collaboration between Mahindra North America Technical Centre (MNATC) and Mahindra Research Valley (MRV) in Chennai.
