However, it has been observed that the participation by the public non-institutional shareholders/retail shareholders is at a negligible level.

Currently, there are multiple e-voting service providers (ESPs) providing e-voting facility to listed entities in India. This necessitates registration on various ESPs and maintenance of multiple user IDs and passwords by the shareholders.

2. The Requisitionists Nos. 2 to 11 appear to be proximately related to one another and the Requisitionists Nos. 1 and 12 appear to be their family entities. The Requisitionists through their proximity are acting in concert with one another.

3. The Company has been served with a notice dated 12th May 2021 enclosing a copy of company petition under Section Nos. 241 and 242 of the Companies Act, 2013 *inter alia* challenging the Business Transfer Agreements dated 31st March 2020 and 1st March 2021. The Company and its Directors have taken legal advice and shall suitably defend these proceedings including filing a challenge to the maintainability of the proceedings as legally advised. The Company had been informed by the advocates for the Requisitionists that they propose to file the same before the National Company Law Tribunal, Mumbai ('**NCLT**') on the aforesaid date. To this end, the advocates for the Company had addressed a letter dated 19th May 2021 calling upon the advocates for the Requisitionists to intimate them as and when the petition is filed and moved before the NCLT. As and when the company petition is filed and moved before the NCLT, the Company proposes to strongly oppose the proceedings based on the strategy prepared by their advocates. Notwithstanding the service of the aforesaid Petition, the Requisitionists have sought to requisition the present meeting. It is pertinent to note that the reliefs sought for in the aforesaid Petition are similar to the resolutions proposed to be passed in the EGM requisitioned.

4. By virtue of the business sought to be conducted by the present requisition, the Requisitionists are effectively seeking unilateral termination of the Business Transfer Agreement dated 31st March 2020 for the sale of retail, Specialty Nutrient (SPN) & allied and Crop Protection Chemicals (CPC) and Seeds business (collectively called "**Farmhub Business**") to Zuari Farmhub Limited ("**ZFL**") which has been implemented. The Requisitionists are also seeking unilateral termination of the Business Transfer Agreement dated 1st March 2021 for sale of the Goa Plant and associated business to Paradeep Phosphates Limited ("**PPL**") which was approved by an overwhelming majority of the shareholders (including the majority of the minority shareholders and even by

Requisitionists holding 10.02% out of their total 10.69% paid up share capital) pursuant to the Postal Ballot dated 5th March 2021.

5. Any such resolution would be detrimental to the interest of the Company and consequently its shareholders. The same would negatively impact the financials of the Company as well as the ability of the Company to meet its contractual obligations and expose the Company to large claims of damages and potential litigation.
6. The Company is in the business of manufacturing and trading of various types of fertilizers. In the recent past, due to significant delays in receipt of subsidies, drought like situation in key marketing areas led to deterioration of the Company's liquidity position along with elongation of the working capital cycle and also build-up of high-priced inventory. The Company was unable to pass on the increase in the prices of the raw materials to the farmers which contributed to operating losses, cash flow mismatch and reduced financial flexibility of the Company, on account of which the Company had a net current liability position of INR 1557.61 crores as on 31st March 2021 (INR 1,555.69 crores as on December 31, 2020 ; INR 1,506.27 crores as on March 31, 2020). These factors adversely impacted the Company's cash flow, debt positions, recall of borrowings by certain lenders, downgrading of their rating to [ICRA] D and prolonged shutdown of its plants for different periods. The plants of the Company were also intermittently shutdown due to an array of reasons as disclosed by the Company from time to time. These closures have also severely prejudiced the production and turnover of the Company. The aforesaid factors have been disclosed to the shareholders and the stock exchanges from time to time including in the quarterly financial results.
7. The members of the Company, after considering all relevant factors have approved the transfer of the sale of the Goa Plant to PPL by way of postal ballot with an overwhelming majority. Significantly, 96.7% of the public (non-institution) shareholders (including the Requisitionist Nos. 3 to 11) have also approved the sale of the Goa Plant.
8. The restructuring of the Farmhub Business was necessitated in the circumstances set out below. The same was reflected in the audited financial results for the year ended 31st March 2020 which were duly approved by the shareholders in the annual general meeting held on 14th September 2020.

Mr. Hardik Patel had raised various queries regarding the aforesaid transaction by a letter dated 1st September 2020 and during the course of the Annual General Meeting held on 14th September 2020 (“**AGM**”). - 9.9. The Company has entered into Business Transfer Agreement dated 1st March 2021 (“**BTA**”) with PPL with a condition precedent that the shareholders’ approval be obtained. The aforesaid was disclosed to the stock exchanges by the letter dated 2nd March 2021.
- 9.10. As the approval of the Board was subject to the shareholders’ approval, a postal ballot notice dated 5th March 2021 was issued to the shareholders of the Company in terms of Section 110 of the Companies Act, 2013.
- 9.11. The explanatory statement to the postal ballot *inter alia* recapitulated the aforesaid facts as well as set out the salient features of the BTA including that the enterprise valuation of ZACL Goa plant, related factory land and associated assets was arrived as on 31st March 2020 at USD 280 million [INR 2,052,25,44,000 (Rupees Two Thousand Fifty Two Crores Twenty Five Lakhs and Forty Four Thousands only) converted at an exchange rate of INR 73.2948 / USD, as on the date of execution of the BTA i.e. 1st March 2021, to be suitably adjusted for working capital changes at the date of actual transfer and other agreed items.
- 9.12. After issuance of the aforesaid Postal Ballot Notice, Mr. Hardik Patel by his letter dated 10th March 2021 raised further queries relating to the sale transaction. The Company by its letter dated 13th March 2021 provided the requisite clarifications. No further queries were received and in fact, Mr. Hardik Patel amongst other Requisitionists proceeded to vote in favour of the transaction.
- 9.13. The postal ballot results were announced on 8th April 2021. By an overwhelming majority, the shareholders approved of the sale of the plant at Goa to PPL. Significantly, 96.7% of the public non-institution shareholders also voted in favour of the transaction.

- 9.14. In fact, the majority of the Requisitionists holding 10.02% of the paid up share capital of the Company voted in favour of the transaction. Only one of the Requisitionists viz. Item No. 2:

Business Transfer Agreement dated 31st March 2020

14. Briefly, the facts apropos the Business Transfer Agreement dated 31st March 2020 are as under:

14.1. The transaction with ZFL was necessary to grow the retail business viz. the Farmhub business, as no investors were ready to invest in the Farmhub business while it was a part of the Company (due to the control on sale price and heavy dependence on subsidies) and the Company did not have the necessary capital and was unable to raise the required capital to grow the same. The investment by the investors would *inter alia* provide an expedited ramp up for the overall business, especially those of retail stores and blended fertilizers that is now being carried out by ZFL.

14.2. The Farmhub business of the Company comprised of its retail, Specialty nutrients business (SPN) & allied businesses, Crop Protection & Care business (CPC), which is distinct from the bulk manufacturing business inasmuch as, the Businesses of retail, SPN and CPC are fundamentally asset-light businesses unlike the core traditional business of manufacture of bulk fertilizers like Urea, DAP and other NPK grades that the Goa plant manufactures and the Farmhub business is not subject to government restrictions including price control. The priorities related to financing and working capital were also different in the Farmhub business as compared to the bulk businesses of the company.

14.3. The retail business had 331 retail stores in the rural part of the country to connect directly with farmers which sold not only fertilizers but also other agri-inputs to farmers to meet their crop-specific and soil specific requirements, on cash and carry model including those of other companies also. In order to reach out to more and more farmers in rural areas, it was planned to have more than 1000 retail stores and also hubs to store bulk material and blend it to meet specific requirement of crop and soil. Keeping this in mind, a plan was developed to create a new touch point with the farmers in parallel to the chain of retail stores that already existed.

14.4. In order to implement the aforesaid, the Company required infusion of enormous capital to grow the Farmhub business. The Company did not have the

necessary capital and was unable to raise the required capital to grow the same as no investors were ready to invest in the Farmhub business of Company, while it was a part of the Company.

- 14.5. Such investors did not want to invest in the Company *inter alia* as it its bulk fertilizer business subject to control and restrictions by the Government. These investors were interested in a simpler business model without any price control and subsidies.
- 14.6. It was therefore decided to carve out a separate company or entity which will mark this business as an independent business wherein the entity would get more strategic and financial investors. With a view to grow the retail business, it was therefore decided that there would be a slump sale of the retail, Specialty nutrients business (SPN) & allied businesses, Crop Protection & Care business (CPC), seeds and blended businesses of the Company to ZFL at a value of INR 785,56,00,000/- (Rupees Seven Hundred and Eighty-Five Crores and Fifty Six Lakhs only). The Audit Committee and the Board of Directors at their respective meetings held on 5th February 2020 have considered, evaluated and then approved the sale of Retail, SPN, CPC and Seeds business to ZFL at a consideration of INR 785.56 Crore on slump sale basis, the valuation of which was arrived by an independent registered valuer.
- 14.7. The book value of Farmhub Business of the Company was 12% of the net worth of the Company and the total income of Farmhub Business was 8% of the total income of the Company, as per the audited financial statements of the Company for the financial year ended Mar 31, 2019, and accordingly, the approvals were obtained as required under the Companies Act, 2013.
- 14.8. ZFL is a wholly owned subsidiary of the Company since 23 March 2020.
- 14.9. It was in such circumstances that the Business Transfer Agreement dated 31st March 2020 was executed and the necessary disclosure was made at that contemporaneous point in time.
- 14.10. Subsequently, the said Business Transfer Agreement dated 31st March 2020 has been acted upon and has been fully implemented in the following manner:
- i. Settlement of entire purchase consideration in the form of Compulsorily Convertible Debentures.
 - ii. The assets (pertaining to the slump sale) of the Company were transferred to ZFL as on 31st March 2020.
 - iii. The liabilities of the Company amounting to approximately Rs. 74,33,00,000/- (Rupees Seventy Four Crores and Thirty Three Lakhs only) were transferred to ZFL as on 31st March 2020.

- iv. ZFL obtained the requisite licenses viz. Fertilizer license, Pesticide license, Seed License and SPN licenses required for the business.
 - v. Employees of the Company associated with Farmhub business have been transferred to ZFL.
 - vi. ZFL has been running the affairs of the Farmhub business.
 - vii. ZFL is in the process of raising equity resources to the tune of USD 46.5 million (being 30% of the enterprise value of ZFL) in two tranches for which confirmatory due diligence is at an advanced stage and definitive agreements are being negotiated.
- 14.11. The Company's Annual Report for the FY2019-2021 even recorded that *"Pursuant to execution of the Business Transfer Agreement (BTA) dated 31-03-2020 between the Company and ZFHL, the Company transferred its Retail, SPN & allied, CPC business and blended business by way of slump sale to ZFHL."*
- 14.12. The aforesaid accounts regarding the transaction with ZFL were included in the audited financial statements of the Company for the year ended 31st March 2020 which has been approved by an overwhelming majority of the shareholders including certain Requisitionists presently holding 6.56% of the paid up share capital who had voted in favour of approving the audited financial statements at the Annual General Meeting of the Company held on 14th September 2020. None of the Requisitionists have voted against the resolution. The Requisitionists presently holding 4.07% of the shareholding despite being entitled to vote, opted to abstain from voting at the Annual General Meeting of the Company held on 14th September 2020.

OPINION OF THE BOARD OF DIRECTORS OF THE COMPANY

15. The aforesaid transactions have been executed in the interest of the Company *inter alia* to ensure its long-term survival and progress.
16. Furthermore, if the transaction relating to the sale of the Goa Plant is terminated, the Company may not be in a position to repay its creditors (including bankers) and may default in its obligations. This may result in proceedings being instituted by the bankers and other creditors against the Company including insolvency proceedings. Apart from that, it would negatively impact the financials of the Company as well as the ability of the Company to meet its contractual obligations. In such circumstances there would be a potential erosion of shareholder value.

17. Insofar as the sale of Farmhub business is concerned, the same has been fully implemented and has been irreversibly acted upon. In the opinion of the Board, the same cannot be terminated at this stage.

18. The Board has been legally advised that a transaction which has been entered into, ratified by the shareholders and acted upon by the parties thereto, cannot be unilaterally rescinded and/or terminated even with the sanction of the shareholders. Any such action by the Company would expose it to legal proceedings and a claim for substantial damages by the counterparties to the transaction. The proposed resolutions of the Requisitionists would require the Company to commit a breach of contract and act in a manner contrary to law. The same are therefore against the interest of the Company, its shareholders, creditors and employees.

RECOMMENDATION BY THE BOARD OF DIRECTORS OF THE COMPANY

In the interest of all concerned including the Company, its shareholders, creditors and employees, the Board of Directors of the Company recommends that the proposed resolutions be rejected.
