**Limited Review Report****Review Report to  
The Board of Directors  
Zuari Agro Chemicals Limited**

1. We have reviewed the accompanying statement of unaudited standalone Ind AS financial results of Zuari Agro Chemicals Limited (the 'Company') for the quarter ended December 31, 2018 and year to date from April 1, 2018 to December 31, 2018 (the "Statement") attached herewith, being submitted by the Company pursuant to the requirements of Regulation 33 of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 ('the Regulation'), read with SEBI Circular No. CIR/CFD/FAC/62/2016 dated July 5, 2016 ('the Circular').
2. The preparation of the Statement in accordance with the recognition and measurement principles laid down in Indian Accounting Standard 34, (Ind AS) 34 "Interim Financial Reporting" prescribed under Section 133 of the Companies Act, 2013 read with Rule 3 of Companies (Indian Accounting Standards) Rules, 2015, as amended, read with the Circular is the responsibility of the Company's management and has been approved by the Board of Directors of the Company. Our responsibility is to express a conclusion on the Statement based on our review.
3. We conducted our review in accordance with the Standard on Review Engagements (SRE) 2410, 'Review of Interim Financial Information Performed by the Independent Auditor of the Entity' issued by the Institute of Chartered Accountants of India. This standard requires that we plan and perform the review to obtain moderate assurance as to whether the Statement is free of material misstatement. A review is limited primarily to inquiries of company personnel and analytical procedures applied to financial data and thus provides less assurance than an audit. We have not performed an audit and accordingly, we do not express an audit opinion.
4. **Emphasis of Matter**
  - a) We draw attention to Note 13 of the unaudited standalone Ind AS financial results, which describes the impact of Rs.11.62 crore as an adjustment related to assessment of the impairment of investment in MCA Phosphates Pte Ltd, a joint venture company, which has led to a restatement of the standalone financial results for the year ended March 31, 2018 included in the Statement. Our conclusion is not qualified in respect of this matter.
  - b) We draw attention to Note 16 of the unaudited standalone financial results, wherein the Company is carrying a receivable of Rs.19.49 crore in relation to the subsidy income accrued during the year ended March 31, 2013. Based on the legal opinion obtained by the Company, the amount is fully recoverable from the department of fertilizers. Pending settlement of the differential subsidy amount as more fully explained in note, the Company has not made any provision in this regard in the financial results. Our conclusion is not qualified in respect of this matter.
  - c) We draw attention to Note 7 regarding Goods and Services Tax ('GST') credit on input services recognized by the Company based on its assessment and on a legal opinion obtained by its subsidiary and reliance placed on an order of High Court of Gujarat providing interim relief in a similar matter. The Company has also filed a writ petition in the High Court of Bombay at Goa and is confident of matter being to be decided in its favor. Our conclusion is not qualified in respect of this matter.

Notes:

1. The above unaudited standalone and consolidated financial results of Zuari Agro Chemicals Limited (“The Company”), for the quarter and nine months period ended on December 31, 2018 have been reviewed by the Audit Committee and taken on record by the Board of Directors of the Company in their respective meetings held on February 08, 2019. The Statutory Auditors have conducted a “Limited Review” of these results in terms of regulation 33 of SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015.
2. These standalone and consolidated financial results have been prepared in accordance with the Indian Accounting Standards (“Ind AS”) specified in the Companies (Indian Accounting Standards) Rules 2015 (as amended) under section 133 of the Companies Act 2013 (the “accounting principles generally accepted in India”).
3. Ind AS 115 “Revenue from Contracts with Customers”, mandatory for reporting periods beginning on or after April 1, 2018, replaces existing revenue recognition requirements. Under the modified retrospective approach there were no significant adjustments required to the retained earnings at April 1, 2018 in standalone and consolidated financial results. Also, the application of Ind AS 115 did not have any significant impact on recognition and measurement of revenue and related items in the standalone and consolidated financial results.
4. The certificate of CEO and CFO in terms of regulation 33 of SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 in respect of above results have been placed before the Board of Directors.
5. The consolidated financial results comprise the financial results of the Company and its subsidiaries, herein after referred to as “the Group”, its Joint Ventures and Associate as mentioned below:

Subsidiaries:

- a) Mangalore Chemicals & Fertilizers Limited (MCFL)
- b) Adventz Trading DMCC (ATD)

Joint Ventures:

- a) Zuari Maroc Phosphates Private Limited (ZMPPL)
- b) Paradeep Phosphates Limited (PPL) (subsidiary of ZMPPL)
- c) MCA Phosphates Pte Ltd (MCAP)

Associate of Joint Ventures:

- a) Fosfatos del Pacifico S.A. (FDP) (associate of MCAP)

6. Revenue from operations in the standalone and consolidated financial results for the nine months period ended December 31, 2018 and the year ended March 31, 2018 are not comparable with nine months period ended December 31, 2017, since revenue in this period and year ended is net of Goods and Service Tax (GST) effective July 1, 2017, whereas Excise Duty formed part of other expenses in the nine months period ended December 31, 2017 till June 30, 2017.
7. Vide notification number 26/ 2018 dated June 13, 2018, the department has amended definition of “Net Input Tax Credit (ITC)” for the purpose of GST refund on account of inverted duty structure with effect from July 01, 2017 to include ITC availed only on inputs which excludes input services. The Company and the Group including the Company has claimed GST refund with respect to input services effective July 01, 2017 till April 17, 2018 which aggregates to Rs. 18.79 crores and Rs. 30.85 crores (net of amount eligible for recovery as subsidy) respectively. Further, during the nine months period ended December 31, 2018, the Company and the Group including the Company has recognized GST input tax credit of Rs. 17.76 crores and Rs. 32.65 crores respectively (including Rs. 6.91 crores and Rs. 12.18 crores, respectively, relating to the quarter ended December 31, 2018) on input services.

Management, based on a tax opinion obtained by the group and also relying on similar fact pattern in an order dated September 18, 2018 of the High Court of Gujarat in respect of an application of another company on similar matter wherein ad-interim relief was granted, is of the view that to the extent the aforesaid Notification denies grant of refund unutilized tax credit in respect of tax paid on input services is ultra vires to the Central Goods and Services Tax Act,

2017. The Company has also filed a writ petition in the High Court of Bombay at Goa and is confident of getting the refund claims.

The aforesaid input tax credit recognized by the Company and the Group would also be available for utilization against output tax liability arising in future as the input tax credit has indefinite life and the same can be utilized by the Company and the group in the future. Accordingly, the management is confident of refund / utilization of tax credit in respect of tax paid on input services and that no liability including interest, if any, would arise from the same.

8. During the quarter ended September 30, 2018, the Company has received demand notice of Rs. 27.67 crores towards excess refund on account of input tax credit on input services. As the Company has filed writ petition in the Hon'ble High Court of Bombay at Goa, challenging the notifications no. 21/2018-CT dated April 18, 2018 & No. 26/2018-CT dated June 13, 2018 and based on the legal opinion obtained by its subsidiary company, is confident that the demand will not sustain, thereby no provision has been made in the books of account.
9. Mangalore Chemicals and Fertilizers Limited (MCFL), a subsidiary of the Company had engaged an independent firm to carry out forensic review of certain transactions relating to investment in preference shares of Bangalore Beverages Limited and advances to United Breweries (Holdings) Limited, which indicated that these transactions may have involved irregularities. These investment and advances aggregating to Rs. 216.68 crores in the books of the subsidiary company were fully provided for during the year ended March 31, 2016.

Zuari Fertilisers and Chemicals Limited (ZFCL), the then holding company of MCFL, (now merged with the Company) had filed a petition before the National Company Law Tribunal, Bengaluru ("NCLT") to claim accountability of erstwhile promoter group for the aforesaid irregularities. The matter is currently pending before the NCLT.

10. The standalone financial results of the Company for the quarter and nine months period ended December 31, 2018 have been prepared on the basis of notified concession price of Urea under New Urea Policy 2015, which are further adjusted for input price escalation / de-escalation, as estimated on the basis of prescribed norms.

Mangalore Fertilizers and Chemicals Limited (MCFL), a subsidiary company, recognizes Urea concession income as per Government of India (GOI) notification dated June 17, 2015 which is based on estimates and changes, if any, and are recognized in the year of finalization of the prices by the GOI under the scheme. Accordingly, revenue from operations for the quarter and nine months period ended December 31, 2018 and the year ended March 31, 2018 include additional urea concession income of Rs. 30.51 crores and Rs. 20.69 crores, respectively, relating to immediately preceding financial year recognized on finalization of escalation/de-escalation claims.

The subsidy on Phosphatic and Pottasic fertilizers has been accounted based on the rates announced by the GOI under Nutrient Based Subsidy Policy, from time to time.

11. Under the provision of Ind AS 108, the Company/Group operates in a single segment of fertilizer operations and therefore separate segment disclosures have not been given.
12. The Urea, Ammonia and Utilities plants of the Company were under annual maintenance shutdown from October 19, 2018. The plants resumed operations on November 30, 2018 and Urea production started from December 8, 2018.
13. In respect of the Company's investment of Rs. 119.43 crores in the rock phosphate mining project (which is under development) through MCA Phosphate Pte Limited (MCAP), a joint venture company, there has been a deadlock between the Company and its JV partner Mitsubishi in its rock phosphate mining project through MCAP about certain impairments recorded in the financial statements of MCAP for financial years 2015-16 and 2016-17. On February 15, 2018, MCAP had issued a share offer notice by virtue of which the Company was offered to subscribe to certain ordinary shares. In light of the objections already raised by the Company in regard to the impairment and adoption of accounts and the nominal value at which the shares were issued, it did not subscribe to the rights issue. On May 30, 2018, the Company obtained a clarification from the JV partner that its shareholding in MCAP has been diluted from 30% to 0.17% with effect from April 01, 2018.

The Company initiated legal proceedings before the High Court of Singapore on June 4, 2018 seeking certain relief. The matter was heard on August 13, 2018 and the Company has been advised that, an order has been passed by the High Court of Singapore mandating that *inter alia* no steps should be taken: i) in respect of any matter specified as a super-majority decision in the shareholders agreement dated December 20, 2011, without the prior written consent of the Company, to, among other things, preserve the Company's original investment; and ii) no steps should be taken to change the shareholding of MCAP or to amend the Articles of Association of MCAP or to act in any manner inconsistent with the shareholders agreement mentioned above. The Company has also initiated arbitration proceedings against the JV partner in accordance with the arbitration rules of the International Chamber of Commerce (ICC) and has also moved application seeking interim relief with ICC for continuation of the reliefs granted by the High Court of Singapore. The ICC, vide its order on application for interim relief dated December 4, 2018, amended the order passed by the High Court of Singapore by allowing the respondents (i.e. Mitsubishi Corporation and MCA Phosphate Pte Limited) to exercise contractual options to purchase or sell shares of MCA Phosphates Pte. Limited in accordance with the terms of any applicable agreements.

The Company had not considered any impairment loss till the time of finalization of the financial statements for the year ended March 31, 2018. During the quarter ended June 30, 2018, the Company has assessed the fair value of the said investment based on the fair valuation done by an independent valuer and have concluded that the impairment loss was required to be recognised. Accordingly, the company has recognized an impairment loss of Rs. 11.62 crores in the standalone and consolidated financial results and the figures for the year ended March 31, 2018 have been appropriately restated and disclosed under exceptional items as per Ind AS 8 "Accounting Policies, Change in Accounting Estimates and Errors".

Disclosure pursuant to Ind AS 8 "Accounting Policies, Change in Accounting Estimates and Errors" (specified under section 133 of the Companies Act, 2013 read with rule 7 of the Companies (Accounts) Rules, 2015) is as below:

14. The Company is planning to set up a Phosphatic fertilizer plant in Ras-Al-Khaimah (RAK) in United Arab Emirates in collaboration with Ras-Al-Khaimah Maritime City Free Zone Authority and has incurred an expenditure on feasibility study and related expenditure amounting to Rs. 32.12 crores in earlier years. The same have been carried forward pending decision on issue of shares to the Company in the proposed Joint Venture project. The JV Company has been incorporated and definitive agreement between the shareholders have been completed which also provides for the re-imbursalment of these expenses by the JV Company. These expenditures have been approved by the JV Company. The Company is in discussion with various EPC contractors with regard to the implementation of the project and also signed a MoU for its rock phosphate requirements. The current license of the JV Company for the free zone was due for renewal on annual basis. The process for extension of license has been initiated by the JV Company.

15. Exceptional items for the year ended March 31, 2018 included in the above results represent provision made against Inter Corporate Deposits including interest accrued and impairment of the Company's investment in the rock phosphate mining project (which is under development) through MCA Phosphate Pte Ltd (Refer note 13 above).
16. The Company is carrying a receivable of Rs. 19.49 crore for the period February 2013 and March 2013 on account of accrual of subsidy income at higher rate in comparison to rate at which subsidy is granted. However, as per the office memorandum dated April 16, 2018 issued by the Department of Fertilizer, the Government has ex-post facto approved the subsidy paid on specific quantity of P&K fertilizer received in the district during February 2013 and March 2013 months in different year since 2012-13 at the rates fixed for the next financial year which were lower than the rate approved by cabinet /CCEA for that year. The Company has represented to the Department of Fertilizer that the material moved in February 2013 and March 2013 was part of the approved movement plan of January 2013 and hence Nutrient Based Subsidy rates of 2013 should be applicable. The Company has obtained a legal opinion and if required will take appropriate recourse to recover this amount. The company is hopeful to realize the aforesaid amount, hence, no provision has been made in the accounts.
17. Receivables on account of interest from dealers on delayed payment were hitherto recognized once the principal payment of particular invoice received from the dealer. However, the Company has during the year ended March 31, 2018 started accruing overdue interest fully on accrual basis to the extent the Company is reasonably certain of their ultimate collection. This had resulted into profit before tax for the year ended March 31, 2018 being higher by Rs. 23.01 crores on standalone and consolidated basis.
18. The consolidated Ind AS financial results include the Group's share of total comprehensive loss (comprising of loss and other comprehensive loss) of Rs. 3.40 crores for the quarter ended December 31, 2018 and total comprehensive income (comprising of profit and other comprehensive income) Rs. 9.32 crores for the nine months period ended December 31, 2018 in respect of one of the joint ventures including its associate, both located outside India, whose financial statements and other financial information have not been subject to a review and has been compiled by the management in accordance with accounting principles generally accepted in the respective country. The Company's management has converted the financial statements of such joint venture located outside India from accounting principles generally accepted in the respective country to accounting principles generally accepted in India.
