3. The results for the quarter and for the year ended March 31, 2018 have been prepared on the basis of notified concession price of Urea under New Urea Policy 2015, which are further adjusted for input price escalation / de-escalation, as estimated on the basis of prescribed norms.

The subsidy on Phosphatic and Pottasic fertilizers has been accounted for as per concession price notified by the Government of India with effect from April 1, 2017.

4. Under the provision of Ind AS 108, the Company/Group operates in a single segment of fertilizer operations and therefore separate segment disclosures have not been given.
5. The scheme has become effective from November 13, 2017. The Company has accounted for the amalgamation of ZSFL as per purchase method and accordingly has recognized goodwill of Rs 15.34 crores in the financial statement which has been tested for impairment. No provision towards impairment is required. The Company has accounted for amalgamation of ZFCL & ZASL as per pooling of Interest method. Consequently, the figures (including earning per share) for the previous year, Immediate previous quarter, Previous corresponding quarters and twelve months period ended 31st March 2017, other equity as on March 31, 2017 have been revised and restated giving effect of the scheme and have been reviewed by the statutory auditors and audit committee of the company.
6. In respect of Company's investment of Rs. 119.43 crores in the rock phosphate mining project (which is under development) through MCA Phosphare Pte Ltd, a joint venture company, the Company has not considered any impairment loss based on the fair valuation of the said investment done by an independent valuer, which indicates a value higher than the carrying amount, however review by statutory auditors is still in process. The joint venture company had provided for diminution in the entire value of said

investment, which the Company is not in agreement with since the same is not in accordance with the shareholders agreement with the joint venture company, and also the project company where the MCA phosphate Pte Ltd has made an investment, has not made any provision for any impairment.

7. The Company is planning to set up a Phosphoric fertilizer plant in Ras-Al-Khaimah (RAK) in United Arab Emirates in collaboration with Ras-Al-Khaimah Maritime City Free Zone Authority. Expenditure on feasibility study and related expenditure amounting to Rs. 32.12 crores have been carried forward, pending decision on issue of shares to the Company in the proposed Joint Venture project. The JV Company has been incorporated and definitive agreement between the shareholders have been completed. The Company is in discussion with various EPC contractors with regard to the implementation of the project.
8. Mangalore Chemicals & Fertilizers Limited (MCFL), a subsidiary company had engaged an independent firm to carry out forensic review of certain transactions relating to investment in preference shares of Bangalore Beverages Limited and advances to United Breweries (Holdings) Limited, which indicated that these transactions may have involved irregularities. The investment and advances aggregating to Rs. 216.68 crores which were duly provided for in the books of accounts of MCFL. Zuari Fertilizers and Chemicals Limited (erstwhile subsidiary of the Company and now merged with the Company), had filed a petition before the NCLT in Bangalore to claim the accountability of the erstwhile promoter group of MCFL for the aforesaid irregularities. The matter is currently before NCLT.
9. Exceptional items for the quarter ended March 31, 2018 and twelve months ended March 31, 2018 represent provision made against Inter Corporate Deposits including interest accrued and for year / quarter ended March 31, 2017 represents provisions made for rebates / price reduction claims on stocks lying with distribution channel pertaining to earlier year's sale.
10. Receivables on account of interest from dealers on delayed payment were hitherto recognized once the principal payment of particular invoice received from the dealer. However, the Company has during the current quarter changed its policy of accruing overdue interest fully on accrual basis to the extent the Company is reasonably certain of their ultimate collection. This change of policy has resulted into profit before tax for the year being higher by Rs 23.01 crores (on standalone and consolidated basis).
11. The figures of the last quarter of the current year and of the previous year are the balancing figures between the audited figures for the full financial year and the published year to date figures up to the third quarter of the corresponding financial year.

12. The subsidiary company recognizes urea concession income from the Government of India based on estimates and changes if any are recognized in the year of realization of the price under the scheme. Accordingly, revenue from operation for the quarter and the year ended March 31, 2018 and March 31, 2017 include differential urea concession income of Rs 20.69 crore and Rs 23.10 crore respectively relating to their immediately preceding financial year recognized on finalization of escalation /de- escalation claim.
13. Revenue from operations for the period beginning 1st July 2017 to 31st March 2018 are not comparable with corresponding previous period, since Sales are net of GST whereas excise duties formed part of other pexpense in previous periods.
14. The Company is carrying a receivables of Rs 19.49 crore for the period February 2013 & March 2013 on account of accrual of subsidy income at higher rate in comparison to rate at which subsidy is granted. However, as per the office Memorandum dated April 16, 2018 issued by the Department of Fertilizer, the Government has ex-post facto approved the subsidy paid on specific quantity of P&K fertilizer received in the district during February 2013 and March 2013 months in different year since 2012-13 at the rates fixed for the next financial year which were lower than the rate approved by cabinet /CCEA for that year. The Company has represented to the Department of Fertilizer that the material moved in February 2013 and March 2013 was part of the approved movement plan of January 2013 and hence NBS rates of 2013 should be applicable. The Company has obtained a legal opinion and if required will take appropriate recourse to recover this amount. The company is hopeful to realize the aforesaid amount hence no provision for Rs 19.49 crores has been made in the accounts.
15. Previous period figures have been regrouped/rearranged, wherever considered necessary.
